DUBAI, UAE

BUSINESS PROFILE

Luxury construction, fit-out, bespoke joinery, and integrated MEP — delivered from tender to handover, under one roof.

2026

FOUNDER'S NOTE

A space says everything before a word is spoken. The light, the proportions, the way a door closes — these are the details people feel long after they forget the brief.

Sama Al Tariq Building Contracting LLC was built in 2023 around a simple commitment: take full ownership of the room, from the first tender review to the final defect cleared. Over the past decade that has meant renovating villas in Emirates Hill and Dubai Hills, delivering a government-linked developer's headquarters on Sheikh Zayed Road, and fitting out retail, offices and restaurants across the Emirates.

Today the group brings contracting, interior design, joinery and MEP under one structure, led by a single project manager on every job. One point of accountability. One programme. One standard, held from start to handover.

We would be glad to build your next space with the same care.

—Muhammad Usama Zaka Ullah

Founder & Managing Director, Sama Al Tariq Building Contracting LLC.

WHO WE ARE

Sama Al Tariq Building Contracting LLC is a Dubai-based construction and fit-out group, established in 2023, working across luxury residential, hospitality, corporate, retail, healthcare and government spaces.

We deliver complete environments — construction, interiors, bespoke joinery, civil works, finishes and full MEP — coordinated in-house and managed by one dedicated project lead per project. Engineers, designers, quantity surveyors and site teams work to a single programme, with material submittals, mock-ups and inspections documented at every stage.

The result is a finished space that performs as well as it looks, handed over on schedule and supported through its defects liability period.

VISION & APPROACH

OUR VISION

To be the UAE's most trusted partner for luxury construction, fit-out, bespoke joinery and integrated MEP — recognised for exceptional quality, clear communication and on-programme handovers. We build functional, elegant and future-ready spaces across residential, commercial, hospitality and luxury developments throughout the Emirates.

HOW WE WORK

01 **Focus**
Listen first, price second. We understand the brief before we quote.

02 **Experience**
UAE-tested, code-compliant and value-engineered from day one.

03 **Involve**
One team, one PM, tender to DLP.

04 **Express**
Drawings that build, fully coordinated and ready for site.

05 **Dissect**
BOQ, method statements and ITPs, itemised in full.

06 **Execute**
On spec, on programme, handed over with documentation and warranties.
